## 3 STARS ON 4 WHEELS

The 3-STARS-ON-4-WHEELS Motorhome-Cooking invites you to enjoy an excellent travelling cuisine. Without a lot of luggage and frills, cooks from the world of Michelin-starred gastronomy conjure up affordable culinary specialities on the reduced cooking area in the motorhome home of my '92 VW Multivan. During the 3-STARS-ON-4-WHEELS recording, the chefs present their culinary travel ideas in front of a backdrop of regional and international sights. In a relaxed atmosphere, the individual travel delicacies are prepared in the van on the small mobile sideboard with it's one cooking flame.

# 3 STARS ON FOUR WHEELS

Inspired by improvised cooking on van and motorbike trips, the idea for 3 STARS ON FOUR WHEELS came up. What and how would chefs from the world of Michelin-starred gastronomy prepare for themselves in the limited, reduced space of a small van kitchen?

My artistic work as a sculptor and the joy of travelling have taken me through Europe, Japan, India, New Zealand and South America. Similar to my artistic work the 3-STARS-ON-4-WHEELS project stands for the search for new perspectives, ways of seeing and approaching things like the fascination for culinary creativity and improvisation.
